# The Founder

## The Founder

### THE VISIONARY AND FOUNDER

**MR. PRAHAR TRIVEDI**

After having 20 years long experience in Power Transmission and Distribution projects along with WIND and Solar EPC. I had executed over 1500 Cr projects in my career and completed successfully. Now I started to to lead the company with the mission to take group at **100 Billion** in next **10** years.

“Good Business = Quality Goods + Quick Service”

# The Leaders

## Few words from...

### THE DIRECTOR

MR. JIGANESH KAVTHIYA

Construction is the key factor affecting to the society whether of human character or civil work.  
Having successful completion of many big brand projects as an Engineer, started to support brother-in-law in business.  
The ideology of business is  
“Creative Construction with Eye Catching View”

### THE DIRECTOR

MRS. NIKITA TRIVEDI

After having double Master Degree,  
I decided *to join Pranik* Group as Director.  
I believe growth is possible only when we dedicate our life.  
In Leeka there are different types of fields and activities.  
So it is mandatory to get the right key for the lock.

"The Motto is Managing People to Deliver the Best."

# About us

The *Pranik* Group has always believed strongly in the concept of collaborative growth and this vision has seen it emerge as one of the India's most respected and successful business conglomerates.

*Pranik* has traced a route of growth that spans through many continents and embraces diverse cultures.

*Pranik* will be a dynamic partner of the growing potential of India's power sector. Responding to growing downstream customer needs though serving different sectors like Power, Agrotech, Infrastructure, Realty, Wealth Management, Marketing & Publicity and Consumer Services.

In the road ahead, the *Pranik* Group is focusing on integration of new technologies in its operations and making the new heights of success.

With a holistic approach in all its business operations, a loyal and dedicated workforce and its rooted belief in value creation and corporate citizenship, the *Pranik* Group is always ready to realize its vision and objectives. The challenges of the future will only help to enhance the Group's performance and transform newer dreams to reality. Ethical behavior is intrinsic to the way we conduct our business and is part of our legacy from the very foundation of the *Pranik* Group.

*Pranik* is committed to providing a safe and healthy workplace. Making sure that our employees, associates and contractors return home from work safely each day is more important than anything else.

We are committed to ensuring zero harm to our employees, associates, contractors and the communities in which we operate. This is integral to our business process and is laid down in our health and safety policies, standards and working procedures.

The Company's prospects can be summarized in single statement :
